**November 17, 2011**

**Christine Berdine Joins Holman Capital Corporation**

---

**Rancho Santa Margarita, CA** – Orange County based public sector financial solutions provider Holman Capital Corporation (Holman Capital) is pleased to announce that Christine Berdine has joined the firm as Chief Financial Officer and Corporate Secretary.

Christine will manage all tax and accounting functions for the firm and work with senior management to launch private equity funds that focus on investing in Renewable Energy, Healthcare, and Public Infrastructure. Additionally, she will forge strategic alliances to expand the footprint and depths of products and solutions provided by Holman Capital.

Lance Holman, President & CEO, Holman Capital, stated “Christine is a seasoned financial executive with extensive experience in tax, accounting, and operations. She brings her knowledge, work ethic, and integrity to work with senior management to solve many of the complex issues we face as a country. Holman Capital’s goal is to forge the best and brightest minds to address the critical issues facing this country and support the most effective ideas with capital and strategic alliances to create jobs, improve US competitiveness, and financial security. Christine will be an integral partner as we grow throughout the US.”

Christine Berdine graduated from California State Polytechnic University with a BS Business and majored in accounting. She has over 27 years of experience in state and federal taxation. She continues to broaden her knowledge by attending accounting and tax-related courses annually. Christine resides in Mission Viejo, CA and will work out of the Rancho Santa Margarita, CA headquarters.

**About Holman Capital Corporation**

---

Holman Capital Corporation provides value added financing solutions to the federal government, state and local governments and not-for-profit entities in the US. Holman Capital delivers tax-exempt and taxable solutions to fund capital equipment, technology, real property, renewable energy, and infrastructure projects.
